

Jenny Easy Site

Create an attractive, fully functioning website in a matter of minutes

Websites have become a necessity for every business. There is an ever-increasing demand for interactive websites which stay up to date with current information, all at an affordable price. Due to the high set-up and maintenance costs, most companies still do not have websites. Jenny Easy Site enables you to create an attractive, fully-functioning website in a matter of minutes via an intuitive, wizard-style interface. Setting up and publishing a website is accomplished in 7 easy steps. Completed websites can also be edited at will.
